

We're excited for you to join our summer camps in 2023!

Please note some **changes** that will take place in our summer program this year 😊

School Age Camps will look similar to the past years with themed weeks, an overnight campout and a few field trips. Swimming lessons will be integrated with free swim throughout the whole summer instead of just the first four weeks of camp. Your school age camper will swim each afternoon and will learn new skills in the water each week.

- **School Age Camps are for children who completed Kindergarten - 11 years old.**

Primary Camps will not follow weekly themes this year. Instead, they will join in on a variety of interactive activities throughout each week while practicing Montessori practical life in their environments. Primary Campers will participate in swim lessons & free swim two times a week throughout the summer; your child will swim in group A on Mondays & Wednesday OR group B on Tuesdays and Thursdays. Below is an example of what a week in Primary Camp might look like:

- **Primary Camps are for children who are 3 - 5 years old.**

	Primary Activities
MON	Art & STEM / Swim group A
TUE	Mindful Movement with Amanda / Swim group B
WED	Wheel Day / Library with Susan / Swim group A
THU	Cooking & Baking / Swim Group B
FRI	Nature Walks & Gardening with Debra / Sprinkler Fun

Pre-Primary Camps will also look very similar to the past years with Montessori themed camps all ten weeks and other fun activities in the sun! Below is an example of what a week in Pre-Primary Camp might look like:

- **Pre-Primary Camps are for children who are two years old.**

	Pre-Primary Activities
MON	Nature Walk & Gardening with Debra
TUE	Sprinkler Fun
WED	Wheel Day
THU	Library & Storytime with Susan
FRI	Water Play
